

Management System

We provide you with an efficient, low-cost waste management system. Our products are made of high quality material and have sturdy structure to prolong life.

Cost-Efficient

Our waste collection and transport solutions help reduce the repetition work significantly.

Sustainable Development

All our plastic containers are 100% recyclable.

Multiple Solutions

We provide you with products of various sizes, colors and materials to offer practical waste solutions for any areas at your place.

All-purpose Containers

THOR[®] Round Containers

Product Features:

- 1. All-plastic construction will not rust, chip, or peel; resists dents.
- 2. Comes with an ergonomic handle with a smooth and comfortable feeling.
- 3. Reinforced rims increase strength and durability.
- 4. Comes with four trash liner grooves for easy attachment without the need to tie knots.
- 5. Four vent channels provide 50% less worker exertion when lifting a filled trash liner compared with a traditional container.
- 6. Bottom hand grips of 30 mm width assist in emptying.
- 7. Double and ribbed base increases stability and dragging capacity.

Four vent channels provide 50% less worker exertion when lifting a filled trash liner compared with a traditional container.

Reinforced rims add strength and durability.

Comes with four trash liner grooves for easy attachment without the need to tie knots.

Comes with an ergonomic handle with a smooth and comfortable feeling.

Bottom hand-grips of 30 mm width assist in emptying.

Double-ribbed base increases stability and dragging capacity.
